Junkies is a book by music journalist Brian Coleman that covers the making of 36 classic hip hop albums, based on interviews with the artists who created them, also providing a track-by-track breakdown for each album entirely in the words of the artists. It was published by Villard/Random House in 2007. It is an expanded and updated version of the book *Rakim Told Me*, also by Brian Coleman, and it features a foreword by Questlove of the Roots.
