The Shape of Science is an information visualization project whose aim is to reveal the structure of science. Its interface has been designed to access the bibliometric indicators database of the SCImago Journal & Country Rank portal.

~~Scimago Journal & Country Rank~~

The impact factor or journal impact factor of an academic journal is a scientometric index calculated by Clarivate that reflects the yearly average number of citations that articles published in the last two years in a given journal received. It is frequently used as a proxy for the relative importance of a journal within its field; journals with higher impact factors are often deemed to be more important than those with lower ones.

~~Impact factor - Wikipedia~~

The American Journal of Medicine - "The Green Journal" - publishes original clinical research of interest to physicians in internal medicine, in both academia and community-based practice. AJM is the official journal of the Alliance for Academic Internal Medicine, a prestigious group comprising chairs of departments of internal medicine at more than 125 medical schools across the U.S.
